

SCOPE OF SERVICES

The County is seeking quotes for the purchase of one (1) Pick-up Truck (4 x 4 / ½ Ton / Full Size / Extended Cab) for the Lake County Public Works Department – Engineering Division.

The equipment requested shall be the manufacturer's standard equipment with no alterations. The County will not lease or purchase altered equipment or custom designed equipment unless expressly provided for in this proposal document. All equipment shall be either a 2013 or 2014 model unless otherwise specified. The equipment must be new and unused in current production. Used, demonstrator, prototype or discontinued models are not acceptable. The equipment shall be the manufacturer's standard. The bidder's equipment shall be equipped with the manufacturer's standard equipment and accessories which are included as standard in the published specifications for the unit. No such item of equipment shall be removed or omitted for reason that it was not specified in the bid. Any accessories not specifically mentioned herein but necessary to furnish a complete engineered unit ready for use, shall be included.

All items listed shall comply with the specifications. The bidder shall identify below if it is compliant, not compliant or if there are any exceptions from the requirements of the specifications. All exceptions shall be of equal or greater precision equipment. The County shall determine equivalency. If you are taking exception, indicate so in the column below and submit those exceptions on company letter head, along with any additional materials referencing the proposed product and submit with your quote. Any and all exceptions and / or deviations from the requested specifications listed, shall be submitted in writing, with specification sheets of the proposed equipment to determine equivalency.

The equipment shall be manufactured so as to be in strict conformance to all standards applied by any Federal or State regulations. Lights, Brakes and all other devices, shall be in accordance with Industry Standards and established safety requirements as well as those safety and highway standards required by Local, State and Federal regulations, specifically including those of the US Department of Transportation.
